My dear fellow Walkers,

I want to express my heartfelt thank you for your participation in this year's OneWalk to Conquer Cancer. Together we raised \$1.6 million, when added to our successful 12 years of walk fundraisers in support of the Segal Cancer Centre at the Jewish General Hospital, totals some \$60 million. Several of you have been with us for many if not all of these years and you should be tremendously proud of the many accomplishments these funds have fostered through your passion and commitment.

The JGH Foundation always strives to implement best practices in our effort to advance health care for the people of Quebec. Many events have their particular life cycle and we need to review, reflect and where necessary make changes to achieve our goals. As we look to the future, we seek to adopt new and exciting fundraising concepts. The 2016 OneWalk to Conquer Cancer marks the last in this series and will be followed by new and stimulating editions, which I look forward to sharing with you in the coming months.

Your efforts have contributed to the recruitment of top researchers, the purchase of leading-edge equipment, the development of innovative treatments, the improvement of nursing care and so much more. Most importantly, you have altered and improved the lives of cancer patients across Quebec.

The Segal Cancer Centre has become a beacon of light in the fight against this insidious disease, and we are steadfast in our mission to provide the critical and indispensable support it needs. We invite you to join us in the pursuit of this noble mission. Your commitment and dedication are highly valued as crucial ingredients in the success of our future events. We eagerly look forward to our continued and productive collaboration.
