### Teams in Need

**Crew Captain:** Are you looking for a great way to support and have fun at an amazing event. We are in need of team captains to help lead at pit stops. You would help set up and make sure your crew is ready to go! Along with your crew members you will help participants by cheering them on and handing out drinks and snacks to help them keep going. Sign up today with a friend or on you own and meet some amazing people along the way.

### Fundraising Tip of the Month

The weather is getting nicer so gather a group of friends and family to help you hold a car wash! Pick a location that's busy with many cars. Advertise in your local newspaper to drive more business and also have a couple of people holding posters to inform drivers as they drive by. Charge \$10 or \$20 per car and also have a donation jar set aside for extra donations.
